

# GlutenTox

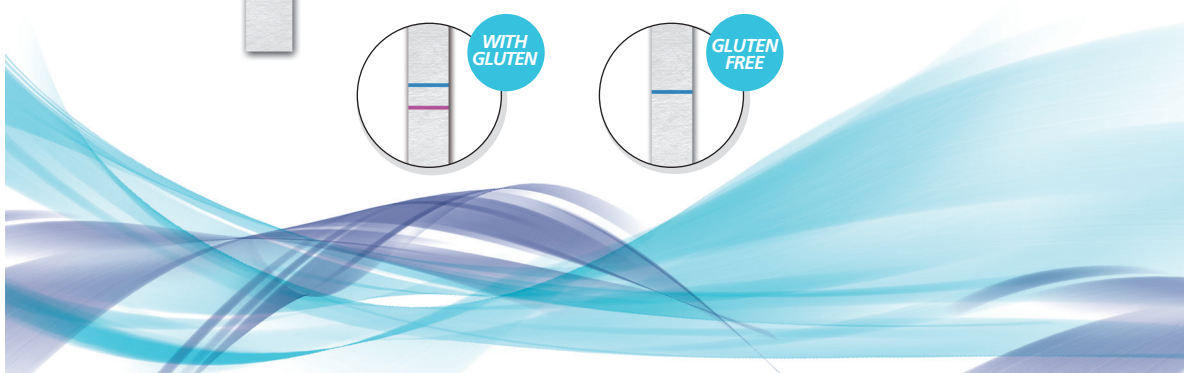

## GlutenTox•Pro

### QUICK AND RELIABLE

Designed especially for commercial kitchens, GlutenTox Pro is a user-friendly gluten detection kit for foods, drinks and surfaces. GlutenTox Pro contains the G12 anti-gliadin antibody that specifically recognizes the 33-mer peptide, the gluten fraction that triggers a reaction in those with celiac disease.

#### GlutenTox Pro advantages

- » Detects gluten from wheat, barley, rye and oat
- » Adjustable sensitivity: 5 ppm, 10 ppm 20 ppm, 40 ppm of gluten
- » Long-lasting and shelf-stable
- » Results in less than 20 minutes
- » No special equipment required
- » Unique method to detect oat toxicity

## GlutenTox Pro is a semi-quantitative tool to avoid accidental gluten contamination in foods and drinks, and on surfaces

Each kit contains 25 single use tests for gluten detection.

### To avoid accidental gluten contamination

- » from incoming ingredients
- » within shared facilities
- » via cooking surfaces and countertops
- » in final products
- » for restaurant kitchens, cafeterias, catering, manufacturers, etc.

## Gluten Detection Made Easy

NOTE: As with any qualitative or semi-quantitative test, **results should be periodically validated** with a quantitative test performed in an outside laboratory.
